## ABOUT US

Lawphil is a legal web site project of Arellano Law Foundation thru its Information Technology Center.

Arellano Law Foundation is a non-stock non-profit institution specializing in legal education.

Realising the essence of making the law accessible and understandable not only to the legal community but to all sectors of society, Arellano Law Foundation has embarked to digitize and make available through the internet all Philippine laws, statutes, jurisprudence, presidential decrees, issuances, executive orders, administrative orders, and other legal materials.
